

The Greener Solutions Program
Host Organization Application
Fall Semester, 2017
Send completed application to tmckeag@berkeley.edu

1. Host Organization Information:

Company/Organization Name:

Point of Contact Name:

Position:

Phone number:

Email address:

2. Project Description-

A well defined project with clear objectives and deliverables is critical to the project's success. For example, identifying a specific unhealthy material at the chemical level and requesting more sustainable substitutions. Please clearly define these components below.

- a. Please describe the key opportunity or challenge that you would like us to help your organization address.
- b. Please list two to three objectives you expect to achieve as a result of this project and how you might quantify the expected impact. Please keep in mind that a team of 4 to 5 students is expected to finish this project in 14 weeks.
- c. Please list any key dates or timelines for the project for us to consider (the course will run August – December, 2016).

3. Team Composition

Ideally, what skills and backgrounds do you believe will be most valuable for a student team working on this project?
